Unlock your potential with the Next Generation Entrepreneur Forum

The Next Generation Entrepreneur Forum (NGEF) will take place at The Grimaldi Forum in Monaco. This internationally renowned entrepreneurial event will consist of two days of conferences, debates and social activities. It's a fantastic opportunity to network with the best in the business, including angel investors, venture capitalists, and highly experienced entrepreneurs.

The NGEF has always been a unique networking opportunity for business students around the globe who wish to start their own business either immediately after graduation, or in the future.

For many being an entrepreneur is just a pipedream, with this next generation of inspiring innovators finding themselves with little support to help realise their dreams. The NGEF is

different. Our ambition is to create a meeting point for these young people and to create a network which provides the tools and advice they need to help them fulfil their potential.

The NGEF Business Plan competition: innovation & talent

There is one main focal points of our conference: the Business Plan Competition which attracts entrepreneurs worldwide. Through this Competition, participants' idea will be judged by a professional jury, including investors,

entrepreneurs, and industry experts who all work closely with investors. The winners of the competition may receive cash prizes and support from the investors. There is also the opportunity for each participant to receive feedback from the jury, as well as funding from any interested parties to help start their own business.

During the conference attendees will have the opportunity to listen to a panel of speakers from all over the

world, with a wide variety of professional backgrounds. This year, the main topic of the edition 2010 will be on being an Entrepreneur or an Intra-preneur and how to get started with or without the corporation. The NGEF will have the honour of welcoming globally-renown business leaders who will share their impressive experiences. His Serene Highness Prince Albert II has also been invited as the Honorary Guest of the Forum.
